

September 28, 2007
U.S. 101 Widening Project, Santa Rosa

Widening Work, Traffic Impacts, Openings, and Closures

- Crews are building soundwalls and retaining walls along the northbound and southbound side of the freeway. Some nighttime ramp closures are necessary during this construction.
- Farmers Lane is a Caltrans staging area. There are currently no active plans to extend eastbound S.R. 12.

Santa Rosa Creek and Fourth Street Viaduct

- Current bridge building over Santa Rosa Creek includes stripping falsework, backwall work, and approach slab work.
- The Greenway is closed through October 2007 for bridge construction.
- Fourth Street remains closed until sometime in November, but crews are working to resolve the utility issue.

Sixth and Ninth Streets

- Sixth Street bridge building continues with abutment work on the northbound bridge.
- **Sixth Street and College Avenue undercrossing construction should begin as a separate project from the widening project in Spring 2009.**
- Ninth Street remains open to bicycle and pedestrian traffic.

College Avenue and Steele Lane

- Traffic will switch on southbound U.S. 101 at College on Tuesday, October 16 in the and the northbound direction on Wednesday, October 17.
- Crews will demolish the last existing College Avenue bridge sometime after the traffic switch.
- Crews will briefly close the freeway at northbound and southbound Steele Lane around 3:00am on Thursday, October 4. The CHP will assist with this closure. Crews require this closure to safely move equipment.

Other

- Demolition work at the Railroad Overhead and Olive Avenue has been postponed.
- Throughout the life of the project, either lane in both the northbound and/or southbound direction of U.S. 101 will temporarily close as needed, from 10:00pm to 5:00am between State Route 12 and Steele Lane.
